7. Cash for Your Success Manual & any applicable ACN tools

IMPORTANT: What to do between now and then...

Resist the urge to start test marketing or talking to your contacts. It's easy in our excitement to burn our closest friends by 'fire hosing' them with information. There is no profession in existence where you can just go to the university 'open day' and then immediately expect to start earning money in that profession – there is training required. The same goes for this profession of Network Marketing.

Focus all your excitement on writing your list in the lead-up to your Launch.

Once you've started your training from your launch meeting, you'll have plenty of time to contact people, but then you will be prepared and will avoid the rejection and discouragement that can come to those that go out ill-prepared and untrained. Let us help you succeed.

How long will it take?

Allow at least 2-3 hours to complete all the important tasks in the launch. You can help keep it on time by being fully prepared with all the above, and keeping on task during the appointment.

We look forward to working with you to achieve your goals!
